

## Sunshine In The Shade

The Fixx

Sunshine warming the small of my back  
Whatever virtues I lack  
You can't see until I move  
Until I move in the shade  
Sunshine in the shade  
Sunshine in the shade  
Sunshine in the shade

But then inside  
Sometimes I feel so cold  
Catching these self thrown blows  
But enough of the future I see  
A shadow belonging to me  
Sunshine in the shade  
Sunshine in the shade  
Sunshine in the shade

Every man climbs a mountain  
With the hope to make a stand  
Every man makes a mountain of his life  
A masterplan

Only hope  
Light in the dark  
Only hope  
Light in the dark  
Gives me hope

Sunshine in the shade  
Sunshine in the shade  
Sunshine in the shade  
The shade of life  
Gives me hope of  
Some time and place
