

We Don't Own The World

The Fixx

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease

Step back, think on
Rolling with the status quo
Step back, think on
Do you believe 'cause they told you so?
Sit back, chill out
Don't kill me with your point of view
Step back, think on
You've got the vote, hurray for you, yeah

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease

Connect the dots
Those who have, those who have not
Connect the dots
Patronize and lose the plot
There's two sides to the coin
A little knowledge is a dangerous thing, yeah
Connect the dots
Only fools play would be king

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease
No, we don't own the world, we lease

'Cause you know nobody owns the world
'Cause you know, 'cause you know
Nobody owns the world
'Cause you know, anytime, anytime
Oh, step back

Money don't buy love
War don't make "no peace"

We must rise above
We don't own the world, we lease

Money don't buy love
War don't make "no peace"
We must rise above
We don't own the world, we lease
We don't own the world, we lease
We lease
We lease
