

In The Eyes Of The World

The Flower Kings

If I don't wake up by tomorrow
If I don't work one more day
If this is my hearts final beating now.
Here is to you what I'd say
Never listen to tales from the high wire
Hear my flute that I played in your ear

I'm just a clown in the eyes of the world
Guess I'm a clown in the eyes of the world

What do you see in the crystal ball
Now, what may com in my way?
Tell me the truth do you love me?
Cause I haven't come here to play
Never listen to voodoo tongue teachers

I'm just a clown in the eyes of the world
Guess I'm a clown in the eyes of the world

I'm a clown, I'm a clown in the eyes of the world
I'm a clown, I'm a clown in the eyes of the world

Some may say I'm a loser
Some may say I'm a sinner
Work my way like a bulldozer
Twist my day for a change
Just feel the love that I placed in your heart
