

# Helluva Time

The Flys

How you think I'm gonna talk to you  
You ain't got shit coming  
You ain't got shit coming  
What can you do for me  
You ain't got nothing to offer me but your broke-ass  
And take your momma car home  
You ain't about shit  
And your hair ain't neither  
You better roll on

I wanna take you out  
Or we can stay and be good tonight  
Or we can drive in my car  
Run around and we run the red lights  
Or we can just be friends  
Cuz I know girls today love those type of things  
But hoochie don't say no  
Cuz I know it'll be good for you, good for you, good for you

Baby lemme take you out tonight  
Don't know where we'll go but it'll be a helluva time  
Baby lemme take you out tonight  
Don't know where we'll go but it'll be a helluva helluva time

We don't have to go far  
Or we can drag till we run out of NO2  
Or we can act like fools  
A freeway chase on the Channel 7 News  
Let's take a ride to the blue  
I'll bring the boards and I'll show you the classic moves  
But hoochie don't say no  
Cuz I know it'll be good for you, good for you, good for you

Baby lemme take you out tonight  
Don't know where we'll go but it'll be a helluva time  
Mama lemme take you out tonight  
Don't know where we'll go but it'll be a helluva time  
Baby lemme take you out tonight  
Don't know where we'll go but it'll be a helluva time  
Mama lemme take you out tonight  
Don't know where we'll go but it'll be a helluva helluva time

Just since you don't say no  
Cuz I know it'll be good for you, good for you, good for you

Baby lemme take you out tonight  
Don't know where we'll go but it'll be a helluva time  
Mam lemme take you out tonight  
Don't know where we'll go but it'll be a kick ass time  
Come on, baby lemme take you out tonight  
Don't know where we'll go but it'll be a helluva helluva time  
Helluva helluva time  
Helluva helluva time
