

## Acid With Acid - Piece By Piece

The Forsaken

divide the evolution of time  
assembling the conerstones of life  
you haven't seen anything alike  
the soul burned to a crisp  
a madman making the change  
Part by part  
Stone by stone  
Forgive my father of life  
Shrink it in size  
Inserted and fitted for fight  
Adapting my brother, my slave  
You will become my prize  
Acid with acid - piece by piece  
I'm putting you together  
So beautiful, you'll see  
As the world now...  
...sleeps  
rise my creature rise  
my creature...

...RISE

[Lead: Persson]

I fest on the knowledge that I possess  
I'm not your god  
A madman making the change  
The becoming of the future  
We become...the dead  
Formed into theory  
A protein fed to grow  
Caring, watching every move  
One by one they join  
Cornerstones of the body, soon whole  
Ways of the future come as one  
My creature in red will now grow:  
Acid with acid - piece by piece  
I'm putting you together  
So beautiful, aou'll see  
As the world now sleeps  
I'm putting you together  
So beautiful, you'll see  
I'm putting you together  
So beautiful, you'll see
