

The fusion of thoughts
Ignorance of the symbolic
Collectors of the damned
Tormented by saviours
Sloth, wrath, lust, pride, greed, envy, gluttony
Know them before they'll know you
Prepare your journey
Abducted by seductive lies
Your pain will be theirs
Haunt them or become the haunted...
Master the secrets
Attract the opposite
Extract your weakness
Immortal you will reign
Haunt them or become the haunted...
See them before they see you - punish them...
The slayer of the cross
Epic measures divine

Profit will form the deeds
Experience yourself as god
Haunt them... punish them...
Haunt them... punish them...
The snare around the neck
The foul laughs of the wicked
Entangled in the mist
Now - who will reign?
Sloth, wrath, lust, pride, greed, envy, gluttony
Icons prepared for war
The mastermind so divine
Born in chaos and despair
Reality gave birth to the beast
Haunt them or become the haunted...
See them before they see you - punish them...
Now in control, claim the world
Rip their minds apart
Hear them scream - begging for mercy
Show your gratitude - hear them scream
Begging for mercy - show your gratitude
