

Force Fed Repentance

The Forsaken

It was seen with cynical eyes
Received with hollow empty stares
Told in prophetic voice
Met with prideful ignorance

Man and fiend
Are one and the same
All are guilty
And all are to blame

From above exerting
Divine punishment
Force fed repentance
From heaven sent

It was seen with clairvoyant eyes
In the end all is swept away
Grace decrowned and dethroned
Behold the end of all

Man and fiend
Are one and the same
All guilty
And all are to blame

From above exerting
Divine punishment
Force fed repentance
From heaven sent

Unleashed upon on mankind
Suffocating
Inhale and swallow death
Face extinction

A gift from heaven sent
Agonizing
Wander this feeble earth with life and death
As you draw your final f**king breath

Now a road to ruin clear
Weak bleeding hearts
Cleansed of fear, remorse and guilt
Now the final hour' is here

Now a road to ruin clear
Now the final hour is here

Man and fiend
Are one and the same
All guilty
And all are to blame

From above exerting
Divine punishment
Force fed repentance
From heaven sent
