The Foundations

I've got something here to tell you, something's on my mind
Don't you go until you've heard me, don't you be unkind
Wait a minute, just you listen to what I've got to say, yeah
It's all about a thing that happened only yesterday

A man approached me, he was laughing, I knew my time had come
He said, "You've got to come with me, and face reality
Step inside my mind, why, tell me what you see, yeah
When you feel a strange sensation, he knows insanity"

Colors swirling, emotions whirling, my mind is upside down
My eyes are seeing, unbelieving, I feel I'm going down
Suddenly my mouth is dry, well, I couldn't feel a thing, yeah
I heard a sigh, my life went by, I knew I'm gonna fly
