

Good-Bye Girl

The Four Seasons

(Goodbye girl)
When the sunrise brings the dawn
(Goodbye girl) Goodbye aye girl
I'll be gone

I can't bring myself
To speak these words I write
I'm not man enough
To face you in the morning light

(Goodbye girl)
So much hurt I've put you through
(Goodbye girl) Goodbye aye girl
Lovin' you
If I don't leave now
I know I'll never go
While you'r sleeping little girl
My tears won't show

(Goodbye girl)
There's so much I want to say (Goodbye girl)
There's just no way

(Goodbye, goodbye, goodbye goodbye)
(Goodbye, goodbye, goodbye goodbye)
(Goodbye, goodbye, goodbye goodbye)
(Goodbye, goodbye, goodbye goodbye)

All your life you've had to pay for my mistakes
Tried to be the man you need but don't have what it takes
(Goodbye girl)
Understand me right or wrong
(Goodbye girl)
Daddy's gone
(Goodbye girl)
Goodbye girl
Don't cry girl
Goodbye girl
You'll always be my girl
Goodbye girl
