

Let's Ride Again

The Four Seasons

Girl, don't you remember when
We were friends
Way back when
Girl won't you come back here
Stay by my side
We'll get by
Let's Ride Again
Let's Ride Again

Remember when you were by my side
You knew you always had a glint in your eye
Girl you came with me night and day
You used to love to hit the straightaway
Ride, ride, ride, ride
Ride, ride, ride, ride
Ride, ride, ride, ride
Ride, ride, ride, ride

Girl, no one can take your place
I won't chase
Some new face
You know I try to keep my tears inside
Let's ride again
Let's ride again

Without you baby I strip my years
I can't drive through the tracks of my tears
I can't get going no I've blown my stack
I got a few runs hanging round my back
Ride, ride, ride, ride
Ride, ride, ride
Ride, ride, ride
Let's ride again
Ride again
