

Lost Lullaby

The Four Seasons

Seven days
Of lonely hours
That's how long
You've been gone

Oh I caress
Your favorite flowers
While I cry
A lost lullaby

Yes, I thought I was smart
With my little selfish heart
I could have made you stay
If I had paid attention to

You, you may not believe this
So call it strange
Gee whiz gee whiz I've changed

I'll make you
A solemn, a solemn promise
I'll please you
Till I die
Listen to my lost lullaby
