

# No One Cares

## The Four Seasons

No one cares (Woah, woah)  
No one cares (Woah, woah)  
No one cares (Woah, woah)

No one cares  
I just in my lonely chair  
When I need somebody  
No one's ever there

No one cares  
I should cry  
So the pain and lonely...  
All I need from this work is to be loved by a girl  
But no one cares (No one cares)

I need a love to share  
Tender love so warm and rare  
Won't someone hear my prayer  
Sometime  
Somewhere

No one cares  
Many tears  
I've cried through my younger years  
No one knows the pain and heartache I've been through  
And no one cares (No one cares)

I need a love to share  
Tender love so warm and rare  
Won't someone hear my prayer  
Sometime  
Somewhere

No one cares  
Many tears  
I've cried though my younger years  
No one knows the pain and heartache I've been through  
Woah, woah

And no one cares  
No one cares (Woah, woah)  
No one cares (Woah, woah)  
No one cares (No one cares)  
No one cares (Woah, woah)
