

One Clown Cried

The Four Seasons

Even though she is gone
The show must go on

One clown cried, one clown cried
Oh he cried
Oh he cried

A circus clown for the world to see
A painted smile makes them laugh at me
Oh how I wish that they could see
Under all this paint is me
And there's no place I can hide

One clown cried, one clown cried
Oh he cried
Oh he cried

Make people laugh that's what I do
Even though my heart is broken
Broken in two

All the world will laugh
As tears erase
My funny laughing face
Only she knows one clown cried

One clown cried
Oh he cried
Oh he cried
One clown cried, one clown cried
Oh he cried
Oh he cried
