

## Wall Street Village Day

### The Four Seasons

Uptown people on the corner watching other people play  
And while the people watch them play  
The players watch the people  
On a Greenwich Village day

Paisley people dressed in colors wearing what they have to say  
Some are paisley, some are grey  
See them masquerading  
On a Greenwich Village day

People there for the show  
They came to see - what, they don't know  
The Village stores are filled with all kinds of groovy trash and trinkets  
And there are scores, the bottoms for everyone who wants to think it  
What a wonderful day  
To make-believe away  
But they can't stay  
Tomorrow

Downtown people on the corner watching other people play  
And while the people watch them play  
The players watch the people  
On a Wall Street kind of day

Pinstripe people dressed in colors wearing what they have to say  
Some are paisley, some are grey  
See them masquerading  
On a Wall Street kind of day

People there for the show  
They came to see - what, they don't know  
The Uptown stores are filled with all kinds of stylish trash and trinkets  
And there are scores, the bottoms for everyone who wants to think it  
What a wonderful day  
To make-believe away  
But who's to say  
You call the game another name  
It's still the same  
On a Wall Street Village day
