

# Giving It All Away

## The Frames

There's only so much that you have  
And you've got to keep it safe  
You've been spreading it round the place  
Now it's gotta come back this way

And you're giving it all away  
You're giving it all away

And you're lying through your teeth  
You said you found a song to sing  
And you're riding on a wave  
whatever helps you get along

And you're giving it all away  
You're giving it all away  
You're keeping nothing for yourself  
You're just giving it all away

And there's so much that you know  
And there's so much that you don't  
Can you not accept its all the same?  
Just accept it's all the same

And you're giving it all away  
You're giving it all away  
You're keeping nothing for yourself  
You're just giving it all away
