I said oh my, I don't know why  
**D G D G**  
I was just busy watching everyone go by  
**D G D G**  
Outside the shite bar, and you're a red car  
**D G D G**  
Me and your girlfriend and your sister with the big scar  
**D G D G**  
I said oh Christ, I told you twice  
**D G D G**  
It's just not easy going through all these things thrice  
**D G D G**  
What's this I wonder, you drive a bluebird  
**D G D G**  
You got no money for the petrol, that's what I heard

CHORUS

**C G**  
And it's alright, she'll be sucking fingers all night  
**G As D G**  
Wearing those shoes, oh any excuse to go to the gang fight  
**C G**  
And oh she's alright, everybody says she's uptight
