Now Vince was a loner A lovable stoner (aha) He lived in a bluebird Spelled his name backwards (aha)

He's so pretty
He always looks shitty (aha)
Born on a Monday
Such a very good day (aha)

And I haven't seen a pupil in his eyes for 16 days
The catholic girls love him in a hundred million different ways
An he's been up for days
In a big malaise
He's only living till the salad days

Rock a honey rock a honey woo hoo Sleeps all day and he dreams of you Rock a honey rock a honey wee hee Dines in the city where the girls are free

Now Vince got a big crush On the girl from red rush (aha) Took her out for tacos Said she liked burritos (aha)

He said she's so easy Brought up in the country (aha) She gets naked for a living She ain't afraid of giving (aha)
