

# Everybody Knows You Cried Last Night

The Fratellis

She said oh my, I don't know why  
I was just busy watching everyone go by  
Outside the shite bar, and you're a red car  
Me and your girlfriend and your sister with the big scar

I said oh Christ, I told you twice  
It's just not easy going through all these things thrice  
What's this I wonder, you drive a bluebird  
You got no money for the petrol, that's what I heard

And it's all right, she'll be sucking fingers all night  
Wearing those shoes, oh any excuse to go to the gang fight  
And oh she's alright, everybody says she's uptight  
Sick in the head, first in the bed  
So easy to be Friday's nightmare

I said oh no, oh please just go  
You got no eyelids and sweet ella loves me so  
She got my number, though I can't stand her  
I can't help diggin her a hope I guess I wonder  
And oh it's clear, you want me dear  
It would be easier if I was never here  
You got the money, and I got the reason,  
I'll stick around with you for just another season

And it's alright, she'll be sucking fingers all night  
Wearing those shoes, oh any excuse to go to the gang fight  
And oh she's alright, everybody says she's uptight  
Sick in the head, first in the bed  
So easy to be Friday's nightmare

She's just getting along,  
So don't tell me she's yours  
Oh please tell me I'm wrong again  
It's all in a daze/day,  
So what can you say  
Just; sleep in yer shoes  
With the winterbox blues  
Any time you choose, Oh yeah

She said oh my, I don't know why  
I was just busy watching everyone go by  
Outside the shite bar, and you're a red car  
Me and your girlfriend and your sister with the big scar

She said oh Christ, I told you twice  
It's just not easy going through all these things thrice  
What's this I wonder, you drive a bluebird  
You got no money for the petrol, that's what I heard

And it's alright, she'll be sucking fingers all night  
Wearing those shoes, oh any excuse to go to the gang fight  
And oh she's alright, everybody says she's uptight  
Sick in the head, first in the bed  
So easy to be Friday's wonder
