

Oceans

The Fray

Figure since I'm so far gone, oceans away
I can lay my saber down today
I miss the words, I love the words you did not say
I miss the kiss you never, never gave away

There goes the sun, oceans away
And days die young when you're gone and you're gone
There goes the sun, oceans away
And leaves the day for someone else

Honestly, I thought that we could make it all the way
Barefoot on beaches, dancing against the gray
But stone by stone, the castle crumbled to the ground
I stood and stared as you started to fall into the waves

There goes the sun, oceans away
And days die young when you're gone and you're gone
There goes the sun, oceans away
And leaves the day for someone else

Here's to the man of your dreams

Take it all in a box
And make my way down to the shore
Throw it in and begin to leave it to the waves

Leave it to the waves
Leave it to the
And leave it to the
And leave it to the waves
