The Front Bottoms

Love how you disagree
to tell me that I'm wrong
when every bone is healed
and every stitch is sewn.

I've got some words to share
but she don't like my tone.
I've got some words to share,
she won't pick up her phone.

She's got some medicine.
I'm choking on the pills.
She shouldn't feel this way,
a lack of social skills.

He'll take her out tonight.
She'll have an awesome time.
The only thing that's lost,
the only thing that's mine.

And I'm gonna get on my knees
Would you kick me in the face please?
It'll make whatever I say
sound like poetry.

And as the ghost begins to bleed
the words will fall like teeth
and whatever we have locked up now is free.

You're talking with your friends
Secrets they'll never keep
They're sitting on your bed
And all you want is sleep

Pretend that this is fake
It helps to kill the pain
All that you want is different
All that you'll get is same

There's nothing more to say
I think I've said it all
I'm sitting on the edge
I'm waiting for the fall.

I'll check my messages
They'll say you want a fight?
I'm turning off my phone.
How high were you last night?

And I could get on my knees
Would you kick me in the face please?
It'll make whatever I say sound like poetry.

And as the ghost begins to bleed
The words will fall like teeth
And whatever we have locked up now is free.

I'm gonna get on my knees
Would you kick me in the face please?
It'll make whatever I say sound like poetry.

And as the ghost begins to bleed
the words will fall like teeth
and whatever we have locked up now is free.

And I'm scared I'm gonna die as lonely as I feel right
now.

And I'm scared I'm gonna die as lonely as I feel right
now.

And I'm scared I'm gonna die as lonely as I feel right
now.
