

We'll Fly Away

The Frozen Autumn

We can't stay here lie wait forever
See the red sky in a dawn like this
We'll move from these dusty field
Together
From the sand to be a better place
However
Shore to shore for a million years
Whenever
We'll search for a promise land
Forever... Forever!!
Take a look at the northern light
Don't have fear, will be an easy flyght

Take a look at the northern light
Don't have fear, will be an easy flyght
Take a look at the northern light
We'll fly away in the early morning
We'll fly away
We'll fly away like seagulls in the wind
We'll fly away
Fly away... Fly away
We can't stay hear and wait forever
