

Prettiest Girl

The Frustrators

So you leave work early.
So you get ready
To meet your boyfriend.
Your girlfriend said he is the living end.

You're the prettiest girl.
And you're the busiest girl.
But in your everyday world
You're still the loneliest girl.

Tell yourself you don't love him
Just as you kiss him .
You tell yourself you don't need him.
You tell yourself you will leave him.

You're the prettiest girl.
And you're the busiest girl.
But in your everyday world
You're still the loneliest girl.

Your face is long
your emotions are gone.
It's either that way
or they hit you at once.
So pace yourself,
And face yourself .
You don't kid yourself.

You're the prettiest girl.
And you're the busiest girl.
But in your everyday world
You're still the loneliest girl.
(You Are!!)

You're the prettiest girl.
And you're the busiest girl.
But in your everyday world
You're still the funniest girl.
(You Are!!)
