

Party Girl

The Gadgets

She performs a part, straight from the heart
Like she's being graded
It's 8 o'clock, right on the dot
But she's already 5 past hated
Hey boys look at my butt
No I'm not a slut but I'll fuck you in the bathroom
Just gratify my image
In a no end lovers scrimmage
Of a party flower in bloom
Hey party girl show me how to move yeah
Shake!
Hey party girl show me how to move yeah
Shake!
Hey party girl Yo party girl your gettin' no attention
Shake!
Hey party girl, you've made it with too many guys to mention
She thinks every man should see her
And every girl should want to be her
When she makes an entrance in a room
In the flatbed of a truck
Just one more stupid fuck
To clear away her clue
And perhaps a few more beers
And she will not hear the cheers from the older guys in school
Hey babe give it a rest, I've heard that you're the best
But it doesn't make me think you're cool
Hey party girl show me how to move yeah
Shake!
Hey party girl show me how to move yeah
Shake!
Hey party girl Yo party girl your gettin' no attention
Shake!
Hey party girl, you've made it with too many guys to mention
Hey party girl show me how to move yeah
Shake!
Hey party girl show me how to move yeah
Shake!
Hey party girl Yo party girl your gettin' no attention
Shake!
Hey party girl, you've made it with too many guys to mention
Shake!
