

# Automatic Brain

The Gap Band

Deep in the land, there is funk  
Music has no alternative to stop  
But there's a woman that walks around  
And when she gets down, this woman has  
Automatic, an automatic brain  
An automatic brain

Uh! She has an automatic brain  
Uh! The kind that drives you insane  
Uh! She has an automatic brain  
Ah! The kind that drives you insane

The girl has a personality  
She make you wanna scream  
The girl, the way she walks  
In designer jeans  
She make you wanna wiggle  
She make you wanna talk  
But when she shakes her body  
She make you wanna walk, watch out!

Uh! She has an automatic brain  
Uh! The kind that drives you insane  
Hear me out  
Oh! She has an automatic brain  
Ah! The kind that drives you insane  
Hear my now

She has an automatic  
Au-automatic, automatic-tic brain  
She has an automatic  
Au-automatic, automatic-tic brain

She has an automatic  
Au-automatic, automatic-tic brain  
She has an automatic  
Au-automatic-matic brain  
(Deep in the land, there's funk)

Uh! Uh!  
(Yeah, oh, yeah)  
Uh! Ah!  
(Oh, yeah, oh, yeah!)  
Uh! Ah!  
Uh! Ah!  
(Deep in the land, there's funk)  
Uh!

Deep in the land, there's funk

Uh! She has an automatic brain  
Uh! The kind that drives you insane  
Hear me out  
Uh! She has an automatic brain  
Ah! She gonna drive you insane  
(Deep in the land, there's funk)

Uh! She has an automatic brain  
Uh! The kind that drives you insane  
Uh! She has an automatic brain  
Uh! She gonna drive you insane  
(Deep in the land, there's funk)  
Sing it, fellas!

She has an automatic  
Au-automatic, automatic-tic brain  
She has an automatic  
Au-automatic, automatic-tic brain  
(Deep in the land, there's funk)

She has an automatic  
Au-automatic, automatic-tic brain

Uh! The girl is fine  
The way she walks  
And wiggles behind...
