

## The Doom Of Aceldama

### The Gates of Slumber

Better not to be born at all  
Is what the prince said  
A faded rainbow falls  
My guts burst as I hang  
For 30 shackles  
I became the bastard one  
On the horizon  
The beast stands tall

Without my damnation  
The tempter would have won  
But I bore this curse  
To be forever his  
The angels cried  
With a kiss he smiled  
On the field of blood  
Belial knelt down

Forever I'll dwell in the field of fire  
Forever I'll dwell in this land of doom  
Whatever the price  
I'll pay it all  
Dark is the abyss  
Lonely this doom

Oh why  
Why father  
Why am I  
The one of all sin  
My name is cursed forever  
Oh why  
Why father  
Why am I the bastard one  
When can I be forgiven?
