

# Tomorrow Never Dies

the Gazette

Don't delete the value to live for by death

Kanjou wo kaki midashi te kimi ga odotte ru  
Hibi kanji ru kutsuu wo hai te ashita wo iki rerunara

The only words that I can say to you  
Don't forget the heat that felt here

Myakuutsu kodou mune ni sashi te kimi ga nageki sakebu  
Hedoro nure no sono ashi de koko ni kodoku wo sute ni kore baii

The only words that I can say to you  
Don't forget the heat that felt here

Spit out a pain here  
Erase a hesitation  
Kiko eteirukai ?

To this day

How many times did you think about death?  
In the small world  
The death doesn't give freedom to you  
Even feelings fade away  
How many times did you think about death?  
In the broken world

If you can believe nothing  
Spit out a pain here

The only words that I can say to you  
Don't forget the heat that felt here

Kiri tsukeru mae ni toi kakete mina agaite made yuki teyuku kachi ni  
Asu wo tatsu sono muimi sani dareka ga negatta asu ni

How many times did you think about death?  
In the small world  
The death doesn't give freedom to you  
Even feelings fade away  
How many times did you think about death?  
In the broken world  
Tomorrow does not disappear  
Don't kill yourself

How many times did you think about death?
