

## Cool Inside

The Georgia Satellites

All these sleeping dreams crack my spine  
Eighteen wheels start to scream and whine  
Dreamed you was out on that one way line  
Come back baby it's cool inside

Someone's talking is it someone else or is it me?  
You swim or sink to the bottom of the sea  
Jump to the top and baby it's too high  
Come back baby it's cool inside

Your eyes burn red, you don't dare blink  
Your throat's parched but you don't dare drink  
Your mind gets hazy, can't even think  
You just stare straight ahead, try not to sink

Well, I'll be your mirror but that won't do no good  
You see a house is a home but it's just made of wood  
Take it from me baby, you'll see it all by and by  
Come back baby, it's cool inside

Green meaning go, stop shining red  
Little girl, you'd better not fuck with my head  
Don't pull my trigger baby, that's suicide  
Come back baby, it's cool inside

Your eyes burn red, you don't dare blink  
Your throat's parched but you don't dare drink  
Your mind gets hazy, can't even think  
You just stare straight ahead, try not to sink

Time don't stop and it just goes by  
And it don't matter if you like it and it don't matter if you cry  
Your heart burns when it steps on your pride  
Come back baby, it's cool inside.
