

# I Get So Excited

The Grass Roots

Well I see you walking along  
All alone, all alone  
And I think I'm holding your hand  
All alone, all alone

And I get so excited  
I get so excited  
I get so excited, yeah girl  
Baby baby hold me  
Baby baby hold me  
Baby baby hold me  
Baby baby

Well I feel your love coming on  
Coming on, coming on  
And I need your body to love  
Yes to love, yes to love

And I get so excited  
I get so excited  
I get so excited, yeah girl  
Baby baby love me  
Baby baby love me  
Baby baby love me  
Baby baby

Well I see you walking alone  
All alone  
And I think, yeah, I think I'm holding your hand  
All alone

And I get so excited  
I get so excited  
I get so excited all right now  
Baby baby love me  
Baby baby hold me  
Baby baby love me  
Baby baby

I get so excited...
