

# Let It Be Known

## The Growlers

I've been overfilling my head  
Trying to guess what you're trying to express  
I wonder how long you've been  
Bottled up every time you erupt  
I'm tired of walking on eggshells  
Gotta wait for you to find out yourself

If it's all in your head  
Let it be known  
Quit bringing skeletons to bed  
Or throw me a bone  
Oh let me know

Come on are you blamin' on me  
I'm not going to take it personally  
But I'm just sick of all this negativity  
Oh let me know  
Or let me be

Oh let me know  
Before we both sink this ship  
And everyone aboard  
Oh let me know

Is there a wicked man feeding your rage  
Something I've done to make you feel betrayed  
Tell me now or forever have no peace  
Have you built an invisible stage  
Or were you hiding your miserable ways  
And now they've finally been released

Are you not the friend I once knew  
Has something taken over you  
My old friend has been replaced

I've been overfilling my head  
Trying to guess what you're trying to express  
I wonder how long you've been  
Bottled up every time you erupt  
I'm tired of walking on eggshells  
Gotta wait for you to find out yourself

If it's all in your head  
Let it be known  
Quit bringing skeletons to bed  
Or throw me a bone  
Oooh
