

Pride

The Hellacopters

I know where I come from
Sands of the fatherland
I'll face any battle
Though I don't understand

I pledge the allegiance
The flag I wave tonight
Not only am I grateful
But it's also worth a fight

I'm taking sides
On a shaky ride
And you wanna know
What's this thing called pride

I read the Bible
And even though I must admit
I need some guiding through it
The parts that I don't get

I'm taking sides
On a shaky ride
And you wanna know
What's this thing called pride, pride

I'm taking sides
Into shaky ride
And you wanna know
What's this thing called pride

Pride, pride
Pride, pride
Pride
