Automatic Schmuck

Born only a month ago yet I'm (already) fully grown from head t o toe. Lots of metal, lots of grease and put together piece by piece. To support a system that uses me....but the day is here and the y're gonna see. I'm on a mission cause now I've had it. I watch their system and spit right at it. I was born and plated a schmuck they created. I'll explode I'll erode yeah I'll break you fucking code cause I'm an automatic schmuck. With a tendency to rock. Deprived of mind but yet I know - I'm a metallic man about to b low. Time to set the record straight. Time to let out all my hate. I'm on a mission an metallic man with the intention to expose t he plan. I was born and plated a schmuck they created. I'll explode I'll erode yeah I'll break you fucking code cause I'm an automatic schmuck. With a tendency to rock. I'm on a mission a metallic goof - it takes a man of steal to r eveal the truth. I was born and plated a schmuck they created. I'll explode I'll erode yeah I'll break you fucking code cause I'm an automatic schmuck. With a tendency to rock.
