

## (Don't Make) Eye Contact

The Hoosiers

Don't make eye contact  
You should know better than that  
You should not give what you'll only be wanting back  
I should know better than to let you attract  
Me when my guard is down  
But it's always down for you  
Yes it's always down for you

Don't make eye contact  
I should know better than to fall in love
