

# Drop Down Dead

The Housemartins

I spoke to someone yesterday  
He didn't want politics in any way  
They were young and can do as they pleased  
Once they were older on their hands and knees

I say drop down baby  
Drop down dead tonight  
I say drop down baby  
Drop down dead tonight

There is rich and there is poor  
But I know who I'm fighting for  
And when the bell strikes twelve tonight  
I'll pack my bags and turn the light

I say drop down baby  
Drop down dead tonight  
I say drop down baby  
Drop down dead tonight

By the candle light there'll be songs  
Singing, singing, singing all night long  
And the trees that hid away by day  
They'll be strong and here to stay

I say drop down baby  
Drop down dead tonight  
I say drop down baby  
Drop down dead tonight

...
