

Tidal Wave

The Hush Sound

Oooh oooh

I'm feeling a fault line moving miles below my feet
No one else is looking down except for me
A chill is running, moving down my spine
I'm walking through the fire for the first time

When we were broken, we learned how to fix ourselves
Out in the salmon foam all alone
I'll pass a slow down, slow down
We lay our shadows out on the ground

Waitin for a tidal wave that never comes
ah-ahhh, ah-ahhh Waitin for a tidal wave to carry me home
ah-ahhh, ah-ahhh

Oooh, oooh

I can rehearse my line from start to end
It'll never ever feel real until
I finally call action

Wake up, wake up

I spend too long keeping up the confer

Waitin for a tidal wave that never comes

ah-ahhh, ah-ahhh Waitin for a tidal wave to carry me home
ah-ahhh, ah-ahhh

Slow down, slow down

somehow, somehow

Ahhhhhhh- ahhhhhhh

Waitin for a tidal wave that never comes
ah-ahhh, ah-ahhh Waitin for a tidal wave to carry me home
ah-ahhh, ah-ahhh

Oooh, oooh [x2]
