

## In The Fields

The Inchtobokatables

My days are blue, inspired by the howling sea  
Valleys of waves `round me and you  
Listening your steps, i`m walking further and further to the end  
What`s going on behind the heaven  
Is it dark or is it bright

Beats in the ground, below me reaching my knees  
Delete the black `round me and you in the fields  
We are the lust  
Let`s climb up further and further to the top  
Let`s kill the fear inside you and me
