Can't Keep Me Here

The Incredible String Band

I'm going way over the white skyline And I'll sing and be happy And you can't keep me here no how.

And I'll sing and be happy and my world is my own And I'll do what I want to And you can't keep me here no how.

Hey baby, don't cry for me
Hey baby, when the sun comes up I'll be free.

And I'm going way over the white skyline And I'll sing and be happy And you can't keep me here no how.

Ah baby, don't cry for me Hey baby, when the sun comes up I'll be free.

And I'm going way over the white skyline And I'll sing and be happy Cause you can't keep me here no how.
