## **The Water Song**

## The Incredible String Band

Water, water, see the water flow Glancing, dancing, see the water flow O wizard of changes, water, water, water

Dark or silvery mother of life Water, water, holy mystery, heavens daughter Wizard of changes teach me the lesson of flowing

God made a song when the world was new Waters laughter sings it through O wizard of changes teach me the lesson of flowing

God made a song when the world was new Waters laughter sings it through Wizard of changes, water, water, water
