

## Martha Avenue Love Song

The Innocence Mission

Walking through the world, walking under trees  
Many things that only you and only I have seen  
When you say, "Oh look and see"  
Then there is the sky, five o'clock in winter  
When the pink and green arrive

Now we're blown around  
And I can't let you down  
My sun and my sweetest sound  
Oh you are my friend, oh you are my friend
