

# Sorry And Glad Together

## The Innocence Mission

This flurry of plans is over, over  
And I'm sorry and glad together

Our bustling house is sane now, sane now  
And I'm sorry and glad together

Didn't it go by so quickly, Mary?  
I am missing our sewing in secret  
Making up his holiday

It's finally come round  
It's been a long time, a long time  
And I'm sorry and glad together now

Now we watch out of doors for May  
And the travels of summer ahead with  
What will we bring?

Thoughts of trains, thoughts of sea  
Will they come?  
And what will we say?

How possible everything is in this wondering  
Endless wait and how sure is joy and safe  
In May I will say, "I am sorry and glad together now"
