

# All Sing Together

The Irish Rovers

When I was a lad, with the friend that I had  
We'd go for a pint every evenin'  
Though it's been meany years, I still love to hear  
The Sound of those harmonies weavin'

When we'll all sing together  
May our hearts be there with you whenever you go  
Yes, we'll all sing together  
'Til it's time to go home

When I got away, well there's never a day  
I don't think of those waitin' for us  
'Cuz you know when I'm back, we'll all rise a glass  
And we'll lift up our voices in chorus

Then we'll all sing together  
May our hearts be there with you whenever you go  
Yes, we'll all sing together  
'Til it's time to go home

Yes we'll all sing together  
May our hearts be there with you whenever you go  
Yes, we'll all sing together  
'Til it's time to go home

Yes we'll all sing together  
May our hearts be there with you whenever you go  
Yes, we'll all sing together  
'Til it's time to go home
