

# I Got to Get Myself Together

The Isley Brothers

I got to get myself together  
Oh get it together  
I got to get myself together  
You must get it together

'Cause if I don't do it soon  
Old age is gonna catch me now

I gotta get myself together  
Stop staying out late at night now yeah  
I got to get myself together  
Deep down in your heart you know that ain't right

'Cause if I don't do it soon  
Old age is gonna catch me now

I gotta get myself together  
Why don't you get it together?  
Lord lord  
Please hear his plea  
Find him a good woman  
Send her straight home to me

I gotta get myself together  
Get it together get it together  
I gotta get myself together  
I believe you know how to get it together

'Cause if I don't do it soon  
Old age is gonna catch me now

Get it together  
I gotta get myself together  
Get it together  
I gotta get myself together  
Old age is gonna catch you  
I gotta get myself together  
Get it together  
I gotta get myself together
