

# Cry One More Time

The J. Geils Band

Cry one more time for you  
I really got it bad  
Cry one more time for you  
I lost the best I had

Everything's gone all wrong  
I need another beer  
She's got her mind on leavin' me  
That's what I'm doin' here

Ain't no sense in talkin'  
I don't know what I'd say  
Ain't no sense in trying  
She just don't wanna stay

Cry one more time for you  
I really got it bad  
Cry one more time for you  
I lost the best I had

I tried to call her last night  
I knew she wasn't in  
I don't want to go around town  
I know she'll be with him

So sad to be alone at night  
So sad it didn't work out right

Cry one more time for you  
I really got it bad  
Cry one more time for you  
I lost the best I had

I lost the best I had, I lost the best I had  
I lost the best I had, I lost the best I had
