

Gonna Find Me a New Love

The J. Geils Band

I'm gonna find me a new love
Gonna find me a new love
Gonna find me a new love
Oh yeah, baby

Always cheatin', you're always lyin'
You been laughing, while I been cryin'
You know, baby, that it's plain to see
You just wanna make a fool outta me

Drivin' me right outta my mind
Treatin' me so unkind
There's only one thing left for me to do
Baby, I'm walking out on you

I'm gonna find me a new love
Gonna find me a new love
Gonna find me a new love
Oh yeah, baby

Get it, baby

Love cannot rest
You know it happens so fast
Love out there, baby
You know it just didn't last

I'm gonna find me a new love
Gonna find me a new love
Gonna find me a new love
Oh yeah, baby

I said north, south, east, west
Leavin' you baby, gonna try the rest

Find me a new love
Find me a new love
Find me a new love
Find me a new love, baby
Find me a new love, baby
Find me a new love, baby
Find me a new love, give me a new love
Find me a new love, oh baby
Find me a new love, oh baby
Find me a new love
Find me a new love, I want a new love
Find me a new love, oh yeah
Find me a new love, baby
Find me a new love, baby
