

# Make up Your Mind

The J. Geils Band

I don't mind waitin' for you  
It's what I really, really want to do  
But you got me standin', waitin' all night  
And baby, girl, it just ain't right

Make up your mind  
Make up your mind  
Girl, make up your mind  
Before it's too late

I've been tryin' to get close to you  
I can't believe the things you put me through  
So tell me, baby, what's it gonna be?  
Do I have to say goodbye or are you stayin' here with me?

Make up your mind  
Make up your mind  
Girl, make up your mind  
Before it's too late

Girl, believe me  
I'm tellin' you for the very last time  
Don't hesitate, don't turn away  
Don't make me wait, I just can't wait

Make up your mind  
Make up your mind  
Girl, make up your mind  
Before it's too late

Before it's too late  
Before it's too late  
Before it's too late  
Before it's too late

Come on, baby (Make up, make up your mind)  
(Make up, make up your mind)  
Before it's too late  
(Make up, make up your mind)  
Before it's too late  
(Make up, make up your mind)  
Before it's too late  
(Make up, make up your mind)  
Before it's too late  
(Make up, make up your mind)  
Before it's too late  
(Make up, make up your mind)  
Before it's too late, late, late, late  
(Make up, make up your mind)  
(Make up, make up your mind)  
Before it's too late  
(Make up, make up your mind)  
Make up your mind  
(Make up, make up your mind)  
(Make up, make up your mind)
