

Orange Driver

The J. Geils Band

I can hear my name ringin' baby
people talk about me
all over town
I can hear my name ringin' baby
people talk about me
all over town
they said you're foolin' 'round
now ya got me
actin' like your clown

On my bedroom floor
rollin' and tumblin'
all night long
rollin' and tumblin' baby
right across right across
my bedroom floor
you said you don't need me
you don't love me no more

Well do you remember baby
remember when we met
you said you loved me baby
How I won't forget

Hear my name ringin' baby
people talk about me
all over town
you used to love me
but you got me actin'
like your clown
