

# High Water Blues

The Jayhawks

On a nice spring day  
I found a cage in the yard  
It was just that way  
I found a cage in the yard

I was thinking back about all the times  
I was stuck in the basement  
With the booze on my mind  
I was thinking back about all the times  
I was stuck in the basement  
With the booze on my mind

High water, high water  
High water blues  
High water, high water  
High water blues

[Incomprehensible]  
And the smiles of [Incomprehensible]  
All the keys that I made  
Never fit in the car

I was reeling and I couldn't be found  
Like the hammer hits a nail  
I was bent upside down  
I was reeling and I couldn't be found  
Like the hammer hits a nail  
I was bent upside down

High water, high water  
High water blues  
High water, high water  
High water blues

Take it on the chin  
Take it on the chin  
Take it on the chin  
Take it on the chin

Take it on the chin  
Take it on the chin  
Take it on the chin  
Take it on the chin

Broken bottle's a disgrace  
Weeds and old metal wire  
[Incomprehensible]  
I used an old black tire

All my pictures were locked up in a trunk  
When the water came up  
It was just my bad luck  
All my pictures were locked up in a trunk  
When the water came up  
It was just my bad luck

High water, high water

High water blues  
High water, high water  
High water blues

Take it on the chin  
Take it on the chin  
Take it on the chin  
Take it on the chin

Take it on the chin  
Take it on the chin  
Take it on the chin  
Take it on the chin
