

Settled Down Like Rain

The Jayhawks

You came and you gave
Without taking
The best was yet to come, I know
For I was forsaken

And so I kept my fingers crossed
To win at any cost
The sound of water falling down

Knock me down
Pick me up
Set me in a row

Your words hung high in the rafters
And settled down like rain
Remain happy ever after

You packed up your bags and belongings
And crept out through the back
The sound of footprints on the ground

Your words hung high in the rafters
And settled down like rain
Remain happy ever after
Happy ever after
