

## Sixpack On The Dashboard

The Jayhawks

Yeah, up there's a six pack on the dashboard tonight  
I get lonesome most of the time  
I get to thinking about you most of the time

Yeah, there's some heartache in this beer joint tonight  
I get lonesome most of the time  
I get to thinking about you most all the time

A straight face can't hide  
A straight face can't hide  
A straight face can't hide  
A straight face can't hide

Yeah, up there's a six pack on the dashboard tonight  
I get lonesome most of the time  
I get to thinking about you most of the time
