

## Ten Little Kids

The Jayhawks

It all started one day  
It came out of the blue  
Everybody was talking  
About the bad things their  
Mams and dads were doing  
Ten little kids  
On the side of the road  
Laughing, running  
Jumping, playing  
They don't care what their  
Mams and dads are doing  
It began in the summer  
I broke my arm in the swamp  
Never fixed us supper  
So we ran her down when we grew up  
Ten little kids  
On the side of the road  
Laughing, running  
Jumping, playing  
They don't care what their  
Mams and dads are doing  
Ten little kids  
On the side of the road  
Laughing, running  
Jumping, playing  
They don't care what their  
Mams and dads are doing
