

Wasting My Time

The Jayhawks

And I won't be coming home
I've found my way
I've found out everything

I won't be coming home I lost my way
I lost it all again

I'll be myself, wasting my time away
Free myself, wasting my time away
Wasting away to love, with you

I won't be coming home
I've found my way
I've found out everything

I'll be myself, wasting my time away
Be myself, wasting my time away
Wasting away to love, with you

I'll be myself, wasting my time away
Be myself, wasting my time away
Wasting away to love, with you

I won't be coming home
I've found my way (found my way)
Won't be coming home
I've found my way
